In 1925, Nevill Westwood made history by becoming the first to drive right around Australia in a small Citroën 5CV, "Bubsie," proving such a journey was possible. **In 1926, he repeated the feat in an Essex Super Six**, this time with a greater focus on health. Now, in 2026, The Incredible Journey retraces this second expedition, travelling **RIGHT AROUND AUSTRALIA** in the spirit of Westwood's remarkable adventure
